BREAKING UP ROBBER GANG

POLICE ARREST TWO PORTO RICANS FOR ALLEGED STEALING.
VARIOUS ARTICLES RECOVERED

Captures made by the police yesterday morning are likely to lead to some interesting developments. Three Porto Ricans were taken into custody while two others were apprehended a little later. Catalina Gonsalves was one of those caught. Detective McDuffie happened to be at the Lewers & Cooke stables while Catalina offered to dispose of an elegant gold watch and fob to one of the watchmen for \$25. The outfit was worth \$75. The officer arrested Catalina. The latter said he had been given the watch by another Porto Rican. The men have confessed to the robbery of Arch Smith's place where the watch and fob were secured. The rooms of the Porto Ricans were searched. Some clothes which are believed to be the property of Stuart Birmingham were secured.

PRECOCIOUS THIEF SENTENCED.

Percy Kahn the little 3 years old boy who has been stealing from his parents was before Judge Lindsay this morning to answer to a charge of larceny in the second degree. The child so the father stated had stolen three diamond rings and sold them for 25 cents to a Japanese. The court asked the father why he did not make a strong effort to correct the child. Judge Lindsay said that he had a very positive opinion about bringing a little child into a police court under such circumstances. The father assured the court that the child was past control, so with evident reluctance, the court committed the child to the reform school during his minority.

For some years he was head carpenter at Haku Plantation, but for several years past he has been unable to follow an active occupation. ATTEMPTED SHOOTING.

It is reported that while a Japanese was riding along the Makaweli ditch on Tuesday night near the scene of the McGlennan murder, he was fired at by some one hidden in the bush. He escaped without injury. He says the shot came from a pistol and that after the shot he saw five or six men run away behind a hill. The police are on the lookout and during the night as close a watch was kept as possible. But investigation on the spot does not lead to any clear understanding of the affair.—The Garden Isle.
